Sixteenth Annual REIA/DePaul Summit Mid-Year Perspective on Chicago Real Estate

Thursday, September 24, 2020

Program 10:00 – 11:30 a.m.

Co-Chairman: Charles Wurtzebach, Douglas & Cynthia Crocker Endowed Director, DePaul Real Estate Cntr

The Real Estate Center in conjunction with the Urban Land Institute – Chicago instituted a survey earlier this year to determine opinions and attitudes from the Chicago real estate community on further investment in Chicago. The survey measured the impact of Covid-19 crisis on Chicago real estate along with long term economic problems affecting the industry such as state and local tax policy, overbuilding and the possibility of statewide rent controls.

Please join our expert panel for an engaging, informative and spirited discussion evaluating the survey results on the current and future state of the Chicago real estate market.

Panelists:

James D. Shilling, George L. Ruff Chair, DePaul University, Real Estate Center
Mary Ludgin, Senior Managing Director - Head of Global Research, Heitman
Philip Lukowski, Executive V.P.– Chief Portfolio Manager, Waterton & Associates
Christina Bavery, Senior Vice President & Division Manager, Fifth Third Bank
